

Africa's *barber* booking app

Skodz connects customers with barbers across Africa. Customers find a barber, see real work and prices, book in-shop or at home, and pay in the app. Barbers get bookings, get paid the moment a cut is completed, sell products and grow a client list, with a small flat fee per booking and no subscription.

What's live today

- **In-shop and home-service booking**, with travel cost shown before payment
- **Instant payouts**: barbers are paid by bank transfer when a booking is completed
- **Barber shop**: barbers list and sell products in the app (Nigeria first)
- **Gift a haircut**, earnings statements, client invites and rebooking reminders
- **Jobs**: shops post openings, barbers apply
- **The Chair**: our video series where barbers tell their own stories

Ways to partner

- **Grooming brands & suppliers**: placement, sponsored kits, reviews, the in-app shop
- **Barbershops & chains**: whole teams, locations and bookings in one place
- **Academies & trainers**: courses and certifications for barbers
- **Payments, fintech & telecoms**: payouts, wallets, data and airtime
- **Media, creators & events**: content, competitions, The Chair
- **Lifestyle & corporate**: grooming for staff, guests or customers

Where our barbers are: Nigeria (1,164), Ghana (44), Zambia, Cameroon, South Africa, Côte d'Ivoire, Benin, Rwanda and Zimbabwe. Strongest in Nigeria, growing across West, Central and Southern Africa. Figures as of 19 October 2026.
